CONTRACT PERIOD	1996-2006

DETAILS

During our measured term contract with DOE construction services Alexander's were involved in range of different projects including:

- ENVIRONMENTAL IMPROVEMENTS- Multi discipline construction within town centres and other public facilities within Northern Ireland; including paving, kerbing, fencing, drainage, wall construction, landscaping and service diversions/ upgrades. Contract values of up to £850,000.
- PATHWAY CONSTRUCTION- New footpaths were constructed in areas such as forests, country parks and around lakes. Works included gabion basket retaining structures, suspended walkways, foot bridges, steps and rock armouring.
- MARINE- Various different projects completed including underwater piers, sea walls, weirs and bridge repairs.
- SIGNAGE- Have completed a number of projects up to the value of £500k including Derry City visitor orientation and Causeway coast signage.
- ROAD WORKS- Upgrades and resurfacing completed to various business parks and industrial estates.

HEALTH AND SAFETY CONSIDERATIONS

As this work was conducted in a number of remote and high risk areas, a very highly experienced and trained squad of men was allocated to each project to ensure health and safety was paramount to both the workforce and pedestrians.
