ACCREDITATION AND ORGANISATIONS

ENNISKILLEN TOWN

CLIENT	Northern Ireland Electricity
DESIGN ENGINEER	Mulholland & Doherty
CONTRACT VALUE	£40,000
CONTRACT PERIOD	Dec 2007- Feb 2008

DETAILS

Retro bunding completed to 2No existing transformer bases within Enniskillen Town substation. This work was completed to contain any spillages from the transformer bases as no measures were previously in place.

A shuttered base and wall were cast into the existing concrete bases along with a bunded holding tank for each transformer

HEALTH AND SAFETY CONSIDERATION

All work was completed around live structures and conductors. Only fully trained and experience operatives were allowed to work on this project. Numerous live HV cable had to be hand dug to expose before NIE could divert to allow work to proceed. Only small plant was permitted as it did not exceed the safe working height.
